Sleek, streamlined and durable! The ideal choice for any kiosk application.

THE THINMAN SERIES KIOSK

QUALITY AND ECONOMY UNITED!

Our best-selling models, the Thinman Series, are standalone, walk-up, multimedia kiosks with outstanding configuration flexibility. The sleek, streamlined design and durable construction make this series of kiosks an ideal model for most any kiosk application. The attractive curved face and trim options can be customized to complement any environment.

The Thinman Series offers generous 17" and 19" LCDs with additional overhead display options to incorporate digital signage in your marketing mix. This kiosk can be finished with your color and trim preference, logo, and advertising materials for the greatest consumer impact and corporate brand reinforcement.

One of the most widely deployed models in the world, the Thinman is designed for simple field service with hinged or front access service doors. ADA compliant screen placement can range from 54" to 48" height, providing self-service options to all your customers.

This kiosk is designed to accept a wide variety of optional components from biometrics to printers, wireless modules to card readers. Reliable and tested components.

See reverse for a detailed list of Thinman Series models, specifications and dimensions.

ISO 9001:2000 Certified
