KIOSK

THE GRAND OPENING EDITION

NEW DIGS.

We couldn't just quietly move in.

you're invited inside!

KIOSK SUMMIT 2026 THORNTON, COLORADO

SNEAK PEEK INTO THE ISSUE

The ribbon cutting • The people behind it all
Customers and vendors • A look inside our new home
A day on the course

THE OPENING STORY

Consider this our housewarming.

A new home deserves a proper welcome. We opened our doors in Thornton to the customers, vendors, partners, neighbors, and team members who helped make this next chapter possible. Here's a look at the big event.

EMPLOYEE APPRECIATION

First, our people.

Before the doors opened, we celebrated the team behind them.

We kicked off the celebrations with an employee pancake breakfast and a moment to say thank you. These are the people whose hard work and dedication helped bring our new home to life.

BETTER TOGETHER

Together looks good on us.

Opening our doors gave us a chance to celebrate the teamwork behind the move and the relationships we've built along the way. That same everyday effort keeps KIOSK moving forward.

THE BIG MOMENT

A cut above.

We made it official.

With the City of Thornton there to celebrate with us, we cut the ribbon and officially opened the doors to our new headquarters.

THE SOCIAL PAGES

Good company. Great energy.

The best part of our new space? Sharing it.

Customers, vendors, partners, and friends joined us to celebrate. Familiar faces, new connections, and plenty of reasons to smile. Thank you to everyone who made it a day to remember!

THE LITTLE THINGS

It’s all in the details.

The bites, the sips, the finishing touches. A few little things that helped make a big day feel extra special.

TOUR STOP 01 / LOBBY

Look who's home.

The tour started in the lobby, where guests saw a few of our kiosk solutions up close. It was a first look at what we build before heading to the floor to see how we build it.

TOUR STOP 02 / FABRICATION, PRODUCTION & ASSEMBLY

Where it takes shape.

On the production floor, guests saw how our kiosks come together, from metal fabrication through final assembly. Every step showed the teamwork and attention to detail that go into each build.

TOUR STOP 03 / SOLUTIONS, ENGINEERING & TESTING

Guests explored how our solutions and engineering teams turn requirements into designs and put each detail to the test.

Ideas put to the test.

TOUR STOP 04 / SOFTWARE & IT

Making the connection.

Guests met our software and IT teams to explore the development and technical support behind our solutions and daily operations.

TOUR STOP 05 / CUSTOMER SERVICE

At the final stop, guests met the team that helps customers keep their kiosks running. Our support specialists troubleshoot technical issues, explain the next steps clearly, and look for better ways to help customers succeed.

We love screens!

You are in great hands.

TIME TO CONNECT

You've seen how we work. Here's how we celebrate.

Lunch and entertainment gave guests and teammates time to catch up, meet new people, and keep the party going. Thanks to the musicians, DJ, caterers, caricature artist, and photo booth crew for making it an afternoon to remember.

ON THE GREEN

The celebration continued on the course at the KIOSK Summit Golf Tournament. A little friendly competition gave everyone more time to connect. Thanks to Joe Sawicki for organizing a great day!

A grand finale on the green.

THE GOLF LINEUP

Friends in full swing

NEW DIGS. SAME KIOSK SPIRIT.

Come back anytime.

The door is always open.
